The main map displays the urban planning zones and the intervention perimeter for the commune of Bréval. The map shows a dense network of land parcels, many of which are numbered. The urban planning zones are indicated by different shading patterns: a cross-hatch pattern for zones under the PLU and a diagonal line pattern for zones under the POS. The intervention perimeter (AEV) is marked by a dashed line. The map is oriented with North at the top, as indicated by the north arrow in the legend. A scale bar shows distances from 0 to 500 meters. The map is titled '5c. Plan des périmètres annexes' and is part of the 'Plan local d'urbanisme' for the commune of Bréval, Yvelines.

Extrémité nord-est de la commune

This inset map provides a detailed view of the north-east extremity of the commune of Bréval. It shows the continuation of the land parcels, urban planning zones, and the intervention perimeter (AEV) from the main map. The map is oriented with North at the top, as indicated by the north arrow in the legend. A scale bar shows distances from 0 to 500 meters. The map is titled 'Extrémité nord-est de la commune' and is part of the 'Plan local d'urbanisme' for the commune of Bréval, Yvelines.
