

The diagram illustrates the layout of a parking area with various reserved zones and plantings. It is divided into several sections by dashed lines:

- Top Section:** A rectangular area with a cross-hatch pattern, labeled "Emplacements réservés destinés à réalisation de places de stationnement" (Reserved spaces for the realization of parking places).
- Middle Section:** A rectangular area with a grid pattern, labeled "Espaces boisés classés" (Classified wooded spaces).
- Bottom Section:** A rectangular area with a grid pattern, labeled "Plantations à protéger" (Plantings to be protected).

Additional features include:

- A row of five small circles (representing trees) located between the top and middle sections.
- A row of five small squares (representing plantings) located between the middle and bottom sections.
