limite commune

The figure is a detailed map of the Lyon-Bron airport area, showing noise exposure contours (LDEN) for the year 2016. The map is oriented with North at the top, indicated by a compass rose. The airport itself is located in the center-right of the map, with its runways and taxiways clearly marked. The surrounding urban areas are shown in detail, with streets, buildings, and green spaces. The noise contours are color-coded: green for LDEN 50, orange for LDEN 56.5, blue for LDEN 62, and red for LDEN 70. The contours are elongated along the direction of the runways, indicating the primary noise source. The map also shows the boundaries of several municipalities: Vaulx-en-Velin, Décines-Charpieu, Bron, Meyzieu, and Mions. The map is titled 'PEB AEROPORT de Lyon-Bron' and 'PLAN D'EXPOSITION AU BRUIT PLAN AU 1/25000'. It is signed by Michel DELPUECH, the Prefect of the Rhône, and is dated November 2016. The map is annexed to the approval decree of the Prefect of the Auvergne-Rhône-Alpes region.
