LDEN 50

LDEN 56.5

LDEN 62

LDEN 70

limite commune

A detailed noise exposure map for the Lyon-Bron airport. The map shows the airport's location and surrounding urban areas. Overlaid on the map are four nested noise contours representing different levels of noise exposure (LDEN): a green outermost contour for LDEN 50, a blue contour for LDEN 56.5, an orange contour for LDEN 62, and a red innermost contour for LDEN 70. The contours are elongated along the main runway. The map includes a compass rose in the upper left and labels for various districts and landmarks, such as Meyzieu, Décines-Charpieu, Bron, and Vaulx-en-Velin. The map also shows major roads and the Rhône river.
